THE RESIDENCES AT 180
Knightsbridge

BROMPTON ROAD

To accompany its impressive location and offer, The Residences at 180 required a high-end brand identity that could be reflected through both online and offline.

180theresidence.com

LIVING AT 180 BROMPTON ROAD

Located in the heart of Knightsbridge, the Residences at 180 offers contemporary luxury living in one of the most prestigious areas in central London.

The Residences at 180 offers luxurious one and two bedroom apartments as well as a spacious studio. All apartments are exceptionally designed and are fully furnished, whilst many of them also boast a private outdoor space with wonderful views of the area.

We have made our 1 & 2 bed bedrooms apartments with a mixture of property configurations that consist of modern bathrooms, kitchens and in some cases balconies. For more information or to visit us, visit our website or contact us being agents for 180 Knightsbridge which are just a few yards from The Residences

Positive: Professionalism, Quality, Responsiveness, Value

I had a positive experience with these estate agents, they were very supportive during a long period of waiting and uncertainty. Thanks a lot and a special mention to Sharon for making the process a lot easier and making sure everything was going well. Definitely would recommend to anyone looking to move.

Statom Group are a leading independent, versatile and experienced construction business. Providing specialist solutions for Remediation, Groundworks and RC Frames across the UK.

Before.

After.

WE ARE INVESTING

We are invested in industry leading, efficient, and state of the art equipment

Statom Group has its own Fleet and Machinery division, fully equipped with all of the latest innovations in the construction sector, enabling all of our clients to benefit from our latest investments, on all their projects.

Statom Fleet division manages everything from small tracks to excavators/terracore & telework and every item is part of a stringent vetting process, ensuring it meets our high standards and requirements.

Our ongoing investment programme means that all major items of plant are less than three years old and are compliant with safety and environmental regulations in all times.

After a recent £3 million investment into new machinery and telework and telework equipment, Statom Fleet now holds a large stock of brand new Kubota excavators ranging from 1 tonne to 30 tonne, which are all stage 1 compliant to EU Emission Standards.

Other new features are lower fuel consumption, energy efficiency and enhanced GPS software.

These new machines also include a revolutionary noise reduction system which absorbs the sound, making our machines quieter than other excavators and well suited to projects in built-up, urban areas.

Statom Fleet also has a large stock of Alshore Telework in excess of 10,000m², 1,500m² of Peri Trios and concrete panels and in excess of 3,000m² of Sky Deck.

Thriving

The UKBC logo is displayed in a white box in the top left corner. It consists of the letters 'UKBC' in a bold, orange, sans-serif font.

UKBC

A group of approximately 12 UKBC staff members, including men and women of various ages, are posed for a group photo outdoors. They are all wearing black polo shirts with the UKBC logo on the chest. In the background, there are white service vans and green foliage.

Based in the Eastern Counties, UKBC is a well-established family-owned and run heating engineering firm with an outstanding reputation for quality and speed of service.

Blue Whale is home to one of the leading funds of the past five years - the LF Blue Whale Growth Fund. In no small part due to its stellar team including Stephen Yiu and Peter Hargreaves, co-founder of Hargreaves Lansdown.

bluewhale.co.uk

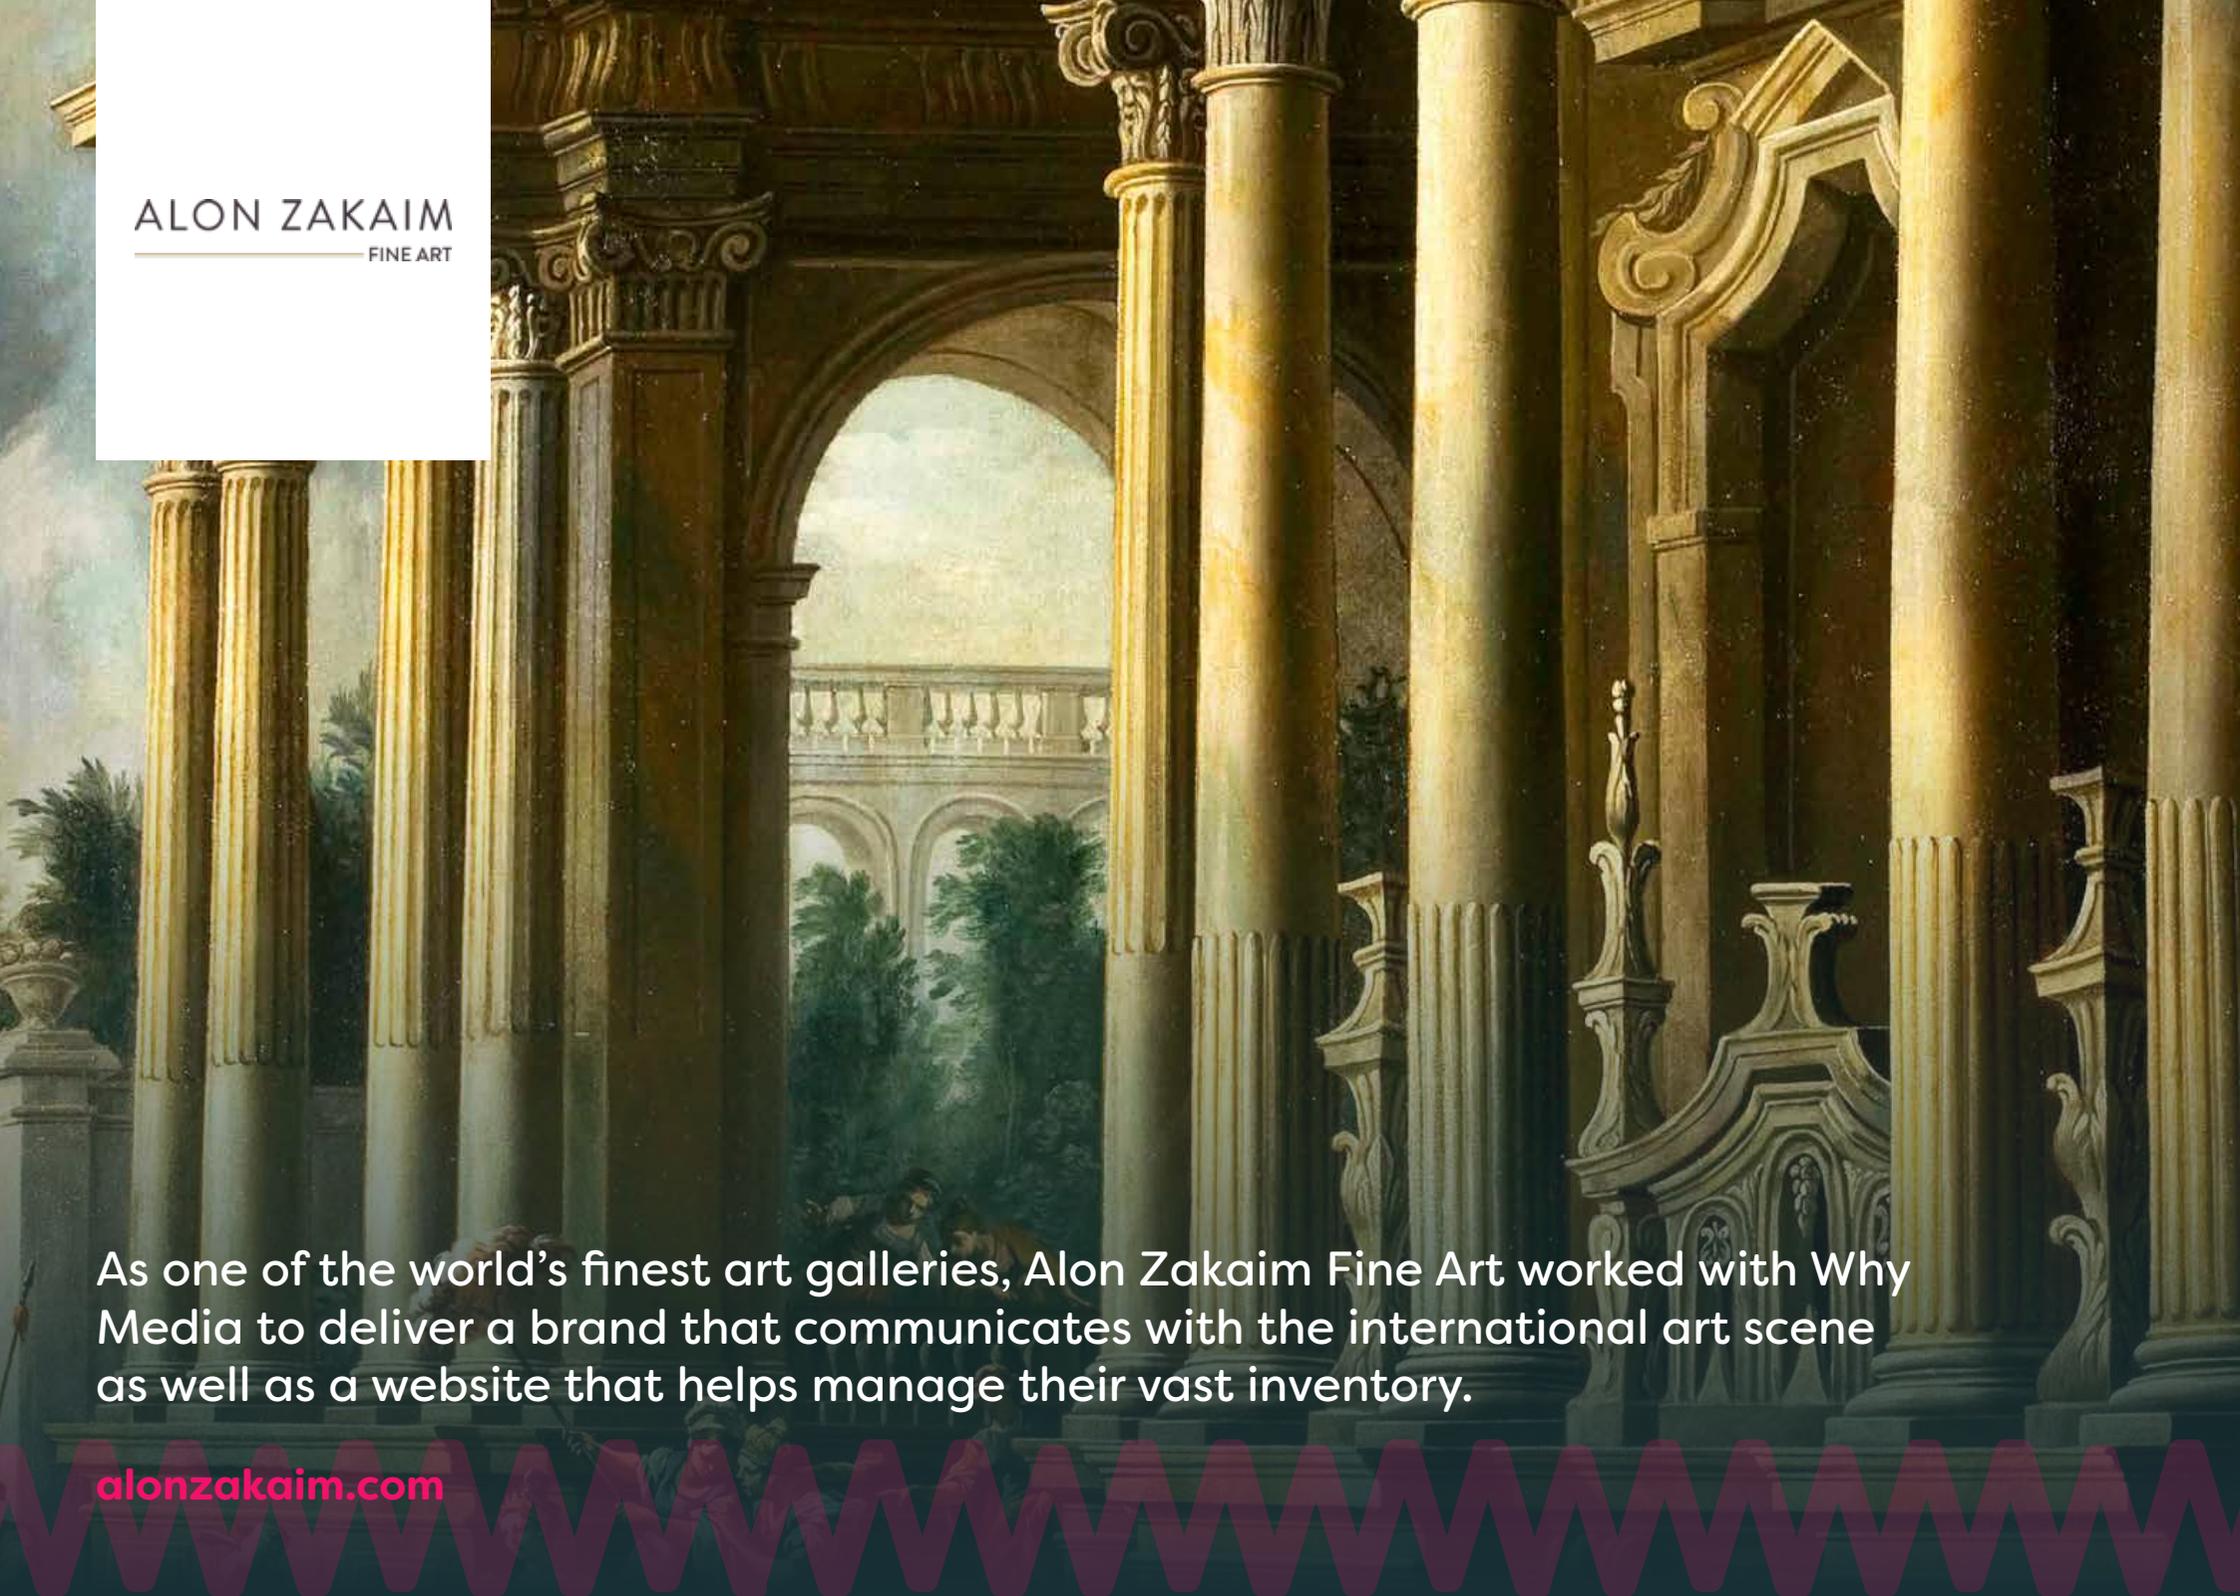

The background of the image is a dark teal color with a grid pattern. In the lower-left and lower-right corners, there are faint, dark silhouettes of people. One silhouette on the left shows a person's profile, and another on the right shows a person talking on a mobile phone.
